

Virtual **S2S** program

Surgeon-to-surgeon collaboration

The virtual S2S program is an educational forum designed to provide a customized training experience tailored to your individual goals and encouraging surgeon-to-surgeon collaboration.

These interactive discussions offer you an opportunity to learn surgical techniques and best practices from esteemed and experienced spine surgeons to help you enhance patient care.

To submit an S2S request, please visit [CO-PILOT](#).
Please contact Michelle Dulik at michelle.dulik@stryker.com with any questions.

Highlights of each interactive **S2S educational experience**

- Case review and discussion
- Collaborative discussion on surgical techniques and best practices
- Tips and tricks utilizing specific systems

A surgeon must always rely on his or her own professional clinical judgment when deciding whether to use a particular product when treating a particular patient. Stryker does not dispense medical advice and recommends that surgeons be trained in the use of any particular product before using it in surgery.

The information presented is intended to demonstrate the breadth of Stryker product offerings. A surgeon must always refer to the package insert, product label and/or instructions for use before using any Stryker product. Products may not be available in all markets because product availability is subject to the regulatory and/or medical practices in individual markets. Please contact your Stryker representative if you have questions about the availability of Stryker products in your area.

Stryker Corporation or its affiliates own, use, or have applied for the following trademarks or service marks: Stryker. All other trademarks are trademarks of their respective owners or holders.
