

Welcome to FIMS

- FIMS stands for **Field Inventory Management System**
- FIMS is an internet-based field inventory management system that allows you to order, transact and audit **RepStock** as well as manage, transact and audit **Consignment** inventory.
- FIMS is presented on two platforms:
 1. FIMS App is used via an iPad and scanner
 2. FIMS Workbench is a web-based database tool

FIMS is a portal to a timeline of information related to your customers.

Installing FIMS

1. Navigate to the app store.
2. Download “**Comp Portal**”.
3. Open Comp Portal and login using your Stryker login.
4. Download “**FIMS**” and “**Global Protect**”.
5. Open Global Protect and login using your Stryker login.
6. Enter “**vpn.stryker.com**”
7. Open “**FIMS**” and login using your Stryker email and password.
